WHERE TO BUY FABRIC IN AND AROUND SHEFFIELD

One of the most popular questions we get asked at Running With Scissors is “Where can I buy fabric in Sheffield?” so we have compiled this list for you. Dress fabrics (rather than upholstery fabric) are a rare commodity in Sheffield. These are places which we are aware of that stock fabric / haberdashery / craft supplies. It’s not an exhaustive list so let us know if you know of other places or if you have any feedback. Inclusion in the list does not mean we recommend a particular stockist. The order of this list is random, there are no preferences of one supplier over another supplier. It is always better to check a website / phone ahead.
